Conference Record #17845

We are in receipt of your completed IEEE Conference Publication Form for **2011 24th Canadian Conference on Electrical and Computer Engineering (CCECE)** and have determined that your publication is appropriate for inclusion in the IEEE Conference Publications Program (CPP). The CPP **exclusively** handles the worldwide post-conference sales and distribution of IEEE-related conference publications to individuals (including IEEE members) and institutions (including libraries), via channels such as IEEE Xplore®.

The IEEE Online Conference Publication page is available to assist Organizers with issues related to conference proceedings. http://www.ieee.org/web/conferences/organizers/pubs/conference_publications.html

I. TITLING INFORMATION

For the purpose of consistency, the title indicated above must be used for the conference proceedings. Subtitles can be used to customize titles. Consistency is required to ensure that end-users can readily identify and access your content. Please use the same sequence of words on the cover, title page, copyright page (reverse side of the title page), and, if applicable, the spine. This will fulfill the need for accurate cataloging data that can be easily employed in computerized information and retrieval systems.

II. SUBMISSIONS REQUIRED

Per IEEE operating policy, you must provide us with **three (3) identical sets of IEEE Xplore compliant PDF files <u>plus a packing list</u>** for all of your conference publication material, no later than **30** days after conference end date. This material must include <u>all</u> files associated with the publication (covers, front matter, table of contents, technical papers, etc). Please note that this submission must be distinct from any CD-ROM proceedings you may be producing for distribution to attendees and others. For detailed information on how to prepare and submit PDF files and packing lists, please visit the following website:
http://www.ieee.org/web/conferences/organizers/pubs/preparing_content.html

Please provide us with **5** copies of the USB version of your publication. *If the media types being produced change from what you provided on the IEEE Publication form, please contact confpubs@ieee.org, **for new cataloging information.***
